Korean Community Center**

"Building on the Vision for Tomorrow and  
Connecting with the Next Generation"

## FGS Korean Community Center

### Mission Statement

Our mission is to promote healthy and independent living for all individuals. It was founded on the belief that ensuring good health and independence later in life relies on the life-long efforts of all generations, young and old, and the interdependent community network of support generated by empowering individuals to help themselves as well as others.

#### HealthCare Resource Center

# President's Message

Dear Friends and Members,

The year 2010 was another successful year in helping the center to firmly establish its root in promoting quality of life for all Korean Americans, as well as to act as a bridge to the mainstream society. We currently have four core centers (healthcare resource, cultural wellness, career education, and happy senior life) serving all ages, including children to older adults, providing over 100 programs and services per month and visited by more than 10,000 people annually. Through the linkage of these four program centers, we are approaching closer to reaching our mission. It also maintains our unique tradition through active interactions with members of our next generations. Since our inception, our center has been successfully providing practical assistance and tools to Korean Americans to live as respectful immigrants in a new world, and at the same time has played a

key role in promoting and maintaining our own cultural and social identity by helping to empower and connect with each other, and to become the "proud home" to our community.

After a decade of growing strong in laying our foundational stone, we are now embarking on a new vision for the next generations of the community center by laying a keystone to our future and looking forward to another successful decade. In preparation for our next step of growth, we have established an advisory building committee for capital fund campaigning in 2010.

Followings are the highlights of the year 2010:

1. We are continuing with our successful Youth program and events with increased community participation. On January 8, Young People's Night Alumni Dinner was held by inviting all past panelists of Young Peoples' Night and students committee members. February 6, the 5th annual Young People's Night was held under the title "Cost of Happiness." A planning committee consisted of students from the neighboring high schools who took the initiatives in inviting successful young Korean Americans as panelists. These students became actively involved in finding role models and developing networking opportunities. KCC Youth Chamber Orchestra and Chorus held their annual spring concert on March 6 and Father's Day concert on June 19 at the Auditorium of Englewood Hospital. The 6th annual art contest for children held on May 1 was a big success with participants involving preschool to elementary school ages. This year's title was "Things that make me happy".
2. On March 22, a successful annual fund raising gala dinner was held celebrating its 10th anniversary. Gala Honoree was presented to Dr. Bai O. Lee, president of Lee & Yum Foundation. Il Yeon Kwon, President of H mart, was invited as Honorary Chair. Dr. S. Howard Lee and Dr. Jai Ock Chu were the recipients of the Appreciation Awards and Tack S. Han, President of Hanyang Mart, was the recipient of the Community Award. On October 30, FGS Saek-Dong Senior Council members held its annual fund raising bazaar.
3. We opened the Korean American Community Forums to community as follows: Feb 4-Forum on filing income tax, May 13-Forum on estate law, Aug. 19- Forum on child education, Nov. 18-Forum on career education.
4. The grant for diabetes from the State of NJ has been renewed for its 6th season. Our health screening and physician referral services for un-insured low income individuals with diabetes, hypertension and high cholesterol continued to be held bi-monthly. On September 25, Health Fair was held at Englewood Hospital to celebrate a minority health month.
5. On October 16, the 5th annual Korean Traditional Dance and Music night was held at an Auditorium of Englewood Hospital with the support from the NJ State Art Council. Our FGS members performed under the direction of Taehee Jung, Art director and Korean dance instructor, continuing the tradition of one of our popular cultural performances.

FGS is forever grateful to our Board of trustees, benefactors, members, volunteers, friends, and the dedicated staff who have made this year another successful year. FGS will continue to commit to its mission and its dedication in bringing all the people of the community together.

Sincerely,

A handwritten signature in black ink, appearing to read "Kye-Eun Ma".

Kye-Eun Ma, M.D.  
FGS President

# Services and Programs

We continue to improve and expand our services and programs through our four core centers - HealthCare Resource Center, Cultural Wellness Center, Career Education Center and Happy Senior Life Center - in order to achieve our mission.

## HealthCare Resource Center

1. Prevention and Management of Chronic Diseases
2. Senior and Social Services
3. Community Education and Counseling

## Prevention and Management of Chronic Diseases

Prevention and early detection of chronic diseases is the first step to achieve our mission of healthy and independent living. Healthy lifestyle modification is promoted through health education and physical exercise programs. FGS has received a three-year grant money for diabetes education from State of New Jersey, Dept. of Health and Senior Services, Office of Minority and Multicultural Health (7/2008-6/2011).

Blood pressure measurements and blood screenings for diabetes and high cholesterol are offered three times a month with the clinical assistance from Englewood Hospital and retired health care professionals (2nd Sunday at local churches, 2nd Monday and 4th Mondays at the center). In 2010, 1185 individuals received the services. Approximately 40% of all screened were found to have either or all of diabetes, hypertension, and/or high cholesterol. Half of those were not aware of their conditions. Individuals who found to have diabetes, hypertension or high cholesterol from the screenings and do not have health insurance are referred to our pro-bono physician network services for treatment. Total of 461 visits were served.

# Services and Programs

## Care Management Program

The program provides care management to frail and homebound elderly residents and disabled adults who meet skilled nursing level of care at home. All care managers complete the State's mandatory core training and continue to attend the training provided by the state to enhance their skills and knowledge. Care managers visit clients in their homes to assess their needs, develop care plans, implement and monitor an individualized plan of care enabling them to remain in the community and to prevent early institutionalization. Total 73 clients were served in 2010.

## Information and Assistance for Senior and Social Services

Information for senior and social services is offered in person and over the phone. Our web pages are offered newly updated social services information translated in Korean language. Our senior services are part of the Bergen-NJ Ease Network. Our information and assistance specialists provide most up-to-date information and assistance for various social benefits and programs, and assist clients in eligibility screening for these programs. Our volunteers offer invaluable assistance to our program. Bilingual services are provided. Low income families without health insurance are assisted in enrolling in NJ Family Care Health Insurance. In 2010, 415 clients received assistance for senior services and 284 clients received assistance for NJ Family Care enrollment.

## Community Education and Counseling

Monthly seminars for health and social services are offered twice a month by inviting all professionals in the community. Community Forums are held quarterly in tax, law, insurance and education by inviting professional panelists.

# Services and Programs

## Cultural Wellness Center

1. Adult Classes for Continuing Education
2. Children and Youth Programs
3. Art Gallery

### Exercise and Dance Classes

### Art Classes

### Singing Classes

### Knitting Classes

### Cooking Classes

# Services and Programs

## Children and Youth Programs

After-school art and music classes for children

Children's Art Contest

## Young People's Night

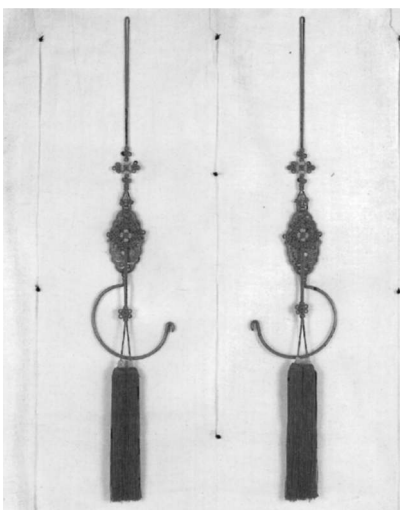

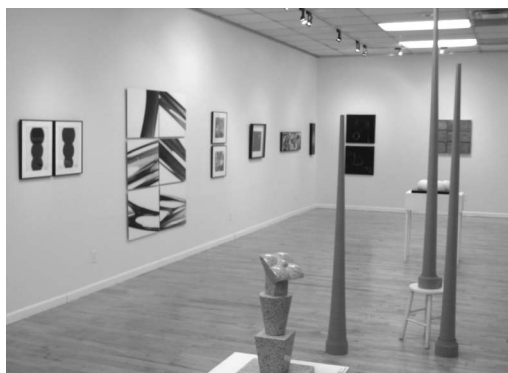

KCC Youth Chamber Orchestra and Chorus

# Services and Programs

## Art Gallery

Art Gallery provides a venue where professional and amateur artists, and our own members can exhibit and share their creative artwork with the public.

# Services and Programs

## Career Education Center

1. ESL, Citizenship Preparation, Language Classes.
2. Computer, Job Training Classes
3. Youth Study Program

## ESL, Citizenship Preparation and Language Classes

- ESL Classes are offered in various levels - speaking, writing, and reading in English.
- Citizenship Preparation Classes for English and Civic information

## Computer, Job Training Classes

Computer classes are offered from beginner to advanced levels

## Youth Study Program

The study program assists children and youth in their school work and preparing them for higher education, SAT etc.

# Services and Programs

## Happy Senior Life Center

Programs offer senior members who have retired or are preparing to retire. Its primary goal is to promote healthy and active lives by exploring opportunities of building a "new" family and "new" life of adventure through new experiences and sharing with others. The Center further encourage seniors to become independent and self-sufficient members within the community by providing additional care and services to those in greater social and physical needs.

1. Senior Program
2. Group Tours
3. Housing and Related Services

### Senior Program

Health and wellness are the two key elements that will be strongly emphasized. We offer a full array of classes throughout the year. These classes are not only designed to cater to the particular needs of our contemporary active seniors, but also to enhance emotional and physical well-being of the elderly by providing basic life skills needed to foster active social and physical activities. Further, these classes promote 'pre-emptive aging' - slowing the aging process through a range of activities, diet and exercise that are devised to stimulate the spirit, mind and body of a senior. Carefully crafted classes include daily exercises and dance classes, computer, art, and music classes. Additionally, FGS offers health and social seminars, current events, literature classes, history, special lecture series, knitting, and itinerant dance and music team daily between 10am -3pm. The program also provides social benefit screenings including Medicaid and Medicare, living will with health proxy, physical and mental health counseling linked to HealthCare Resource Center.

### Group Tours

Group tours are planned regularly to take advantage of rich cultural life of Eastern United States.

### Housing and Related Services

FGS continues to plan and develop to achieve one of our long-range goals of building a retirement housing facility and related necessary services for our aging members, including transportation, friendly visitor, and caregiver counseling programs. Daily hot lunch program is offered.

## A black and white photograph showing a large group of students seated in rows in a classroom. They are all facing towards the front of the room. The students are dressed in casual attire, including sweaters, jackets, and jeans. In the background, a wall features a small American flag, a sign that reads "HUMAN RIGHTS", and a poster with the word "PEACE". The students appear to be listening attentively to a presentation.

# Membership

---

Our programs and services would not be possible without the generous support from our friends and members. Membership is open to anyone regardless of their age, sex, race, financial status, and religion. There are two types of membership: **Friend and Member**.

## **Friend**

Friend membership is offered to an individual over 18 years of age who support the FGS mission through their annual contribution. The membership benefits are offered to immediate family members including spouse and children.

## **Member**

General membership is offered an individual over 18 years of age who pays annual dues. Membership benefits are offered to children.

## **Membership Benefits**

### **Friend**

1. Receive class fee discounts in wellness center.
2. Member over 55 years old participate in Happy Senior Life Center programs.
3. Receive discounts from local businesses who are sponsoring FGS mission
4. Receive credit points which can be accumulated throughout the years as long as they maintain their active membership status (Max. 4points). One bonus point is added at the renewal of membership. Receive additional credit points by serving as a volunteer (Maximum 8 points per year). Credit points could be applied to special discounts in program fees and receive priorities in participating in programs and services as determined by the President.
5. Receive a bi-monthly magazine "Korean Community."
6. Children under 18years old receive class fee discounts in wellness center and participate in special programs
7. Ads on magazine is offered.
8. Spouse receives benefit
9. Donation is tax deductible.

### **Member**

1. Receive class fee discounts in wellness center.
2. Member over 55 years old participate in Happy Senior Life Center programs.
3. Receive discounts from local businesses who are sponsoring FGS mission
4. Receive credit points which can be accumulated throughout the years as long as they maintain their active membership status (1point). One bonus point is added at the renewal of membership. Receive additional credit points by serving as a volunteer (Maximum 8 points per year). Credit points could be applied to special discounts in program fees and receive priorities in participating in programs and services as determined by the President.
5. Receive a bi-monthly magazine "Korean Community."
6. Children under 18years old receive class fee discounts in wellness center and participate in special programs

# Friends of Grace Seniors(FGS) Korean Community Center

---

The FGS' inception was brought about by a group of motivated seniors who saw the increasing needs of the immigrants and families for a community center where they can come to share and learn, and a retirement housing for retiring older members. Grace seniors are named for FGS senior members who are empowered to help themselves and others, and who are the anchors of the spirit of our organization.

FGS strives to provide a "heart center" where the people of all generation gather together to learn, share and give, as well as volunteer to teach and help others in need. It has become a place where people experience giving of themselves to help others and the same time learn to become healthier in body, mind and spirit.

The initial program grew out of New Americans Program of YWCA, Fort Lee, Bergen County, NJ in September, 1999. On February 16, 2000, FGS formally registered with the State of New Jersey as a nonprofit corporation under the leadership of Kye-Eun Ma, M.D. On September 6, 2000, FGS received an approval for 501 (c) (3) tax exempt status from the Internal Revenue Service. Use of an alternate name of Korean Community Center was also registered with the State of New Jersey.

In 2000, FGS began with senior programs at the office space of 1,000 sq. ft. in Fort Lee, New Jersey. In 2004, it opened a newly renovated service and program center (Wellness Center of 15,000 sq. ft.) in Englewood, NJ offering over 70 different social, cultural, educational, and wellness classes and seminars for all individuals including children and youth. In 2008, it has newly established a HealthCare Resource Center by expanding its space to additional 5,000 sq. ft. offering comprehensive and professional health and social services to best serve the diverse groups of Korean American community, especially first generation immigrants who have difficulties in accessing social and health benefits due to language and cultural barriers. In 2009, Wellness Center was divided into two centers, Cultural Wellness Center and Career Education Center. In 2010, Happy Senior life Center was newly created to better serve older senior members.

It has grown more than 20 times in its operational revenue and programs, and has been able to provide more than 100 programs and services per month to meet the needs of the entire Korean American Community from children to seniors and visited by more than 10,000 Korean Americans annually. Linking all four core centers together, FGS has grown to become a stronger community organization recognized by wider communities at both local and state levels, reaching closer to its goals for mission.

The center has provided practical assistance and tools to Korean Americans to live as a respectful immigrants in a new world. It plays a key role in promoting and maintaining our own cultural and social identity by helping to empower and connect with each other. The center is a "Proud Home" to our community.

FGS' operating fund is derived from individual and organizational contributions, grants from government and private foundations, membership dues, and program fees. It is important that "Friends" of all ages participate in "building UP" of our community.
